

HFA | BELINDA

# BELINDA

The Belinda chair is a sophisticated and individual tub chair with a cut away straight arm feature. This chair is extremely comfortable for long term sitting. Slightly wider in the seat and having a contoured back makes for a comfortable sitting environment and works well with reception, visitors, bedroom and library applications. It's design allows for a combination of fabrics and the staining of the legs can add to its individuality as well as easily fit into any décor.
