LINE 300

LINE 300

The Line 300 is a chair that has been developed in house as a patient or visitor chair with a thicker tube used in the four legs making for a stronger, more versatile chair. It is available with powder coat or chrome finish, with or without arms and can be added to a beam for waiting areas making it one of our most versatile chairs. It has additional fire retardant foam padding which is beneficial for long term sitting.

DIMENSIONS

Height	Width	Depth
860mm	615mm	485mm
