## Endless Configurations

Crafted with versatility in mind, Retreat Lounge Modular is ideal for foyers, cafés, workspaces, and public spaces. Its robust design ensures durability and longevity, making it a perfect fit for high-traffic areas

The system comprises hundreds of individual pieces that allow for limitless configurations – including low back, mid back, high back, and even no back options for fixing directly to built walls or storage. The modular nature of the system means you can create double-sided, single-sided, straight, convex and concave shaped layouts to suit any space.

## Elevate Your Experience with Smart Additions

Retreat Lounge Modular includes cleverly designed accessories such as armrests and side tablets, allowing for the division of seats to provide more individual settings and user comfort.

While tech-friendly options like front tablets, touchdown tops and device charging capabilities enhance functionality and user experience. The add-on half-round ottoman can be used alone, doubled to form a full round, or added to the end of a double-sided module to provide a continuous wrap-around seat.

## Sustainable by Design

Our commitment to sustainability is evident in the design of Retreat Lounge Modular. Not only are our products sustainably produced, but they are also designed to have their life extended beyond the initial intended lifespan.

The ingenuity of Retreat’s panel connectors and seat brackets allows the system to be effortlessly arranged and rearranged, yielding an infinite array of configurations to suit the ever-evolving office landscape. This feature also allows for easy reupholstering of the individual parts, further enhancing the product’s durability and longevity.
